

Permit Duration

- Rule: 40E-2.321; Section 1.7 BOR (new)
- Problem:
 - Existing criteria not consistent with legislation
 - No incentive for alternative source development
- Revision:
 - Link permit duration with the supply
 - Determination of water supply source in the RWSP
 - **Source insufficient to meet all demand over twenty years without water resource development: 5 years**
 - **Source sufficient or abundant: 20 years**
 - **Existing use without water resource problems : 20 years**
 - Duration also tied to demonstration of need
